

Finance and Professional Staffing

For over ten years, financial institutions, Fortune 500 corporations and enterprises of every size have counted on the Finance and Professional Services division of Digital Intelligence Systems Corporation (DISYS) to meet their needs for temporary and full-time staff.

Whether you're hiring to manage attrition, maintain steady growth, or change the face of your entire company, DISYS will work with you to find the specific professional — or project team — you're looking for.

Flexibility to Meet Any Need

We offer placement services across the full range of financial operations: Accounting, Administrative, Banking, Business Development, Call Center, Customer Service, Finance, HR, Management, Marketing, Mortgage, and Sales.

Thanks to our flexible approach, extensive candidate database, and vast recruiting network, we can respond to any requirement. We have helped many institutions build entire operations centers in new markets and have helped smaller, aspiring enterprises pursue their own high growth initiatives. For one client, we completed a specialized placement within 24 hours and delivered 500 qualified professionals in a month.

Regardless of size, our goal on every engagement is to be a strategic partner who delivers superior service, added value, and a win-win solution that provides the financial talent you need while giving our consultants the opportunity to grow.

"Thanks to our flexible approach, extensive candidate database and vast recruiting network, we can respond to any requirement across the full range of financial operations."

A Proven Approach

At DISYS, our best practices in recruitment and hiring translate into a repeatable solution for locating, qualifying, and delivering exceptional consultants and employees.

By understanding your institution's environment and culture, assembling a seasoned recruiting team, and applying our careful and proven selection process, we do more than assure you receive the best talent available — we stand behind our service with a total satisfaction guarantee. That's the foundation on which we build long-term relationships.
