

Supporting the Global Oil and Gas Industry

Digital Intelligence Systems Corporation (DISYS) delivers exceptional value and expertise to companies in the global oil and gas industry.

With our global presence, extensive oil and gas experience, and proven capabilities across the full range of ERP solutions, DISYS consultant teams can help with every aspect of your business along the entire value chain.

The DISYS Difference

DISYS does more than merely fill staffing requirements; as a unique hybrid technical services firm, we deliver cost-effective IT solutions in enterprise shared services, exploration and production, supply and storage, energy trading and risk management, and downstream segments.

We deploy consultants with an in-depth understanding of your industry's leading technologies, systems, and applications, and can deliver highly qualified local talent anywhere in the world — matching or exceeding the talent provided by the largest consultancies but often up to 35% cost savings.

Oil and Gas Industry Successes

The performance and success that DISYS has already delivered on oil and gas industry engagements is the most powerful proof of what we can do for you. Our dozens of successful projects for several of the world's top oil and gas companies include:

- A 5-year, \$800 million Global SAP Downstream Implementation in which our support and delivery produced nearly 28% overall cost savings. DISYS delivered local resources around the globe;

“DISYS consultant teams can help with every aspect of your business, upstream and downstream, along the entire value chain.”

significantly reducing expensive commuting costs and virtually eliminating costly downtime for travel.

- For an \$81 million SAP Trader's and Scheduler's Workbench Implementation, DISYS delivered scarce resources in a new module area in remote global locations resulting in approximately 40% overall project cost savings.
- Global SAP BW implementation and upgrade in one of the largest and most complex SAP BW environments in the industry.

Contact DISYS today, and apply our oil and gas industry experience to your company's success.
