

STRENGTH IN FEDERAL CONTRACTING STAFFING SOLUTIONS

Federal Contractors trust Digital Intelligence Systems, LLC (DISYS), to provide the technical talent that assures contract success. With our Top Secret Facilities Clearance, Northern Virginia headquarters, rigorous recruiting and evaluation process, and proven track record as an IT subcontractor across the full spectrum of government agencies, we understand the needs of Federal customers and the prime contractors who serve them.

Our Job is to Put You First

You won the contract, and it's your reputation on the line. That's why a DISYS staffing solution does more than simply fill requirements. We provide the confidence that you will be professionally represented in the eyes of your customers.

We start with our vast candidate database and nationwide recruiting network that offers access to a breadth and depth of IT talent far greater than that available through smaller firms. We can provide resources with both the necessary skill sets and security clearances for any engagement.

Our commitment to excellence and stringent vetting process assure that DISYS consultants are not only technically qualified but also the right fit for your customer's culture.

Count on experience and performance DISYS has provided leading Federal contractors with developers, infrastructure and network engineers, ERP experts, help desk technicians, administrators, business analysts and more across the entire Federal landscape. Key government agencies supported include:

- Office of the Secretary of Defense
- US Air Force (NETCENTS project)
- USGS, NMCI (Navy Marine Corps Intranet)
