

PUBLIC SECTOR & CONSULTING SERVICES

While each state and local government agency finds itself in a unique position relating to technical maturity, DISYS is helping our public sector clients keep pace with IT trends that are currently shaping the way government functions.

In the Public Sector & Consulting, DISYS Specializes In:

- Application Development
- Business Intelligence
- Cloud
- Project Management (PMO)
- Testing & Automation
- Infrastructure Support Systems (ISS)

FOR PUBLIC SECTOR & CONSULTING, DISYS IS SOLVING THE FOLLOWING CONCERNS:

TECHNOLOGY UPDATES

As the Federal government's Cloud First policy trickles down to state and local organizations, Federal agencies are collectively investing an average of \$5B annually to optimize operations. Similar investments are being seen in State and Local agencies across the country DISYS is leveraging our Agile Program Framework and deploying its award-winning cloud enablement tool, Sirro, to guide public agencies through critical cloud transitions that reduce application redundancies and save millions of dollars annually.
