

RETAIL SERVICES

Recent and emerging trends in the Retail Industry have challenged DISYS to construct robust, easily deployable and proven solutions help clients respond to economic and behavioral pressures in an ever-changing Retail landscape.

In Retail, DISYS Specializes In:

- Application Development
- Cloud
- Project Management (PMO)
- Testing & Automation
- Infrastructure Support Systems (ISS)

FOR OUR RETAIL CLIENTS, DISYS IS SOLVING THE FOLLOWING CONCERNS:

POINT OF SALE (POS) SECURITY & PAYMENTS

DISYS is locking down client systems to ensure data breaches are a thing of the past. With customer satisfaction and security at the forefront of every retailer's mind, our Information Security Systems are compliant with all guidelines and secure from potential breach.

DATA & IT MANAGEMENT

DISYS helps retailers compete more effectively with pricing optimization, sales and information to make the right decisions when it comes to understanding their in-store and online customer base.

CROSS-PLATFORM EFFICIENCIES

DISYS' rapid mobile application development expertise and proprietary CDMS project execution platform is enabling clients to deploy iOS-, Android- and Microsoft Windows-enabled solutions in line with competitive product launch dates dominating today's landscape.

TRANSFORMATION

Business transformation models that combine process integration, optimized resource management and low-risk project rollout. Diverse pricing models offer clients the ideal mix of low-risk, speedy implementation and cost containment.

ACCELERATING PRODUCTIVITY:

DISYS is committed to accelerating productivity and increasing efficiency for our clients. See how we have done so with our Retail clients by downloading the following case studies on DISYS.com:
